Dear Parents/Guardians,

Welcome to Nativity Parish's Religious Education Program. We are privileged to join with you as the primary educators of your child/children's religious formation.

Creating a spiritual atmosphere within the family is essential in your role as a Catholic parent/guardian. By word and example you initiate your child(ren) in the ways of maturity, salvation, and holiness. Each effort in religious formation is part of the spiritual inheritance you are creating for your family. We are grateful you are taking this parental role responsibly.

This is your copy of the Rules and Regulations Handbook for Nativity Parish Religious Education Program. It is important that you thoroughly read this handbook, that you might better understand the philosophy and requirements of the Nativity Religious Education Program.

Please sign and return the slip below, which indicates that you have read and accepted the rules and regulations.

Sincerely,

Victoria Molina

RELIGIOUS EDUCATION CLASSES

Classes are held on Sundays, beginning with the Mass at 9:30 am in church or via Live-Stream, followed by class until 11:45 am in the school buildings. Students and families should be at Mass by 9:20 am. Classes begin October 4, 2020. All students must be picked up no later than 11:55 am when classes resume in person. Please see the Religious Education Calendar for the class schedule and special dates/events.

MASS

Mass is the most important form of worship we have as Catholics. At Mass, God comes to us in three ways: in the Scripture, God's Word; the Eucharist, when we receive Jesus to spiritually strengthen us; and in the community of all of us, the Body of Christ. Therefore it is the **first part of our Religious Education each week**. Religious Education students are required to attend Mass. Our younger children participate in the offertory. Older students are ushers and altar servers. **Participation is important.**

ATTENDANCE

Regular attendance is an important factor in deepening a child's understanding of God through Scripture, prayer, Church teaching, and community. Children should miss no more than four (4) classes. If a child misses more than 4 classes, they may be retained in a sacramental preparation class. Please contact the office if there are any concerns about attendance. Special arrangements may need to be made. We do not want a child to come to class ill. Please e-mail or call and leave a message if child is ill. We pray for everyone's good health, please contact us if we can be of help in any way.

If your child is late entering our program and in a sacramental preparation program, they may be retained in the same class next year if the teacher feels they are not prepared due to their late entrance. **Please register your child early**. Please tell family and friends to register early. Remember, Mass Is Considered Class Attendance.

COMMUNITY PROJECTS

Respect Life Sunday is usually held on the first Sunday of October. It is a drive to help mothers and babies at our local Respect Life office. Diapers and new baby items are a great help to them. The donations are given during Mass.

Pennies from Heaven is a Parish activity where we save our pennies and coins and place them in containers in church for the Respect Life office.

St. Vincent De Paul Society Non Perishable Food Drive is held each year from the first Sunday in November until our Christmas break. Children are encouraged to bring food for the needy in our local community who will receive Christmas food baskets before Christmas. Please be as generous as you can. If you need the help of our St. Vincent de Paul Society, call 954-981-5060.

Rice Bowls are given to the students at the beginning of Lent. The children should make small monetary sacrifices and place the money in the rice bowl during Lent. Examples are not eating a treat at lunchtime a few days a week and put the savings in the rice bowl or the entire family eating a small dinner and put the savings in the rice bowl. At the end of Lent, count how much was saved for others and send it in to us. All funds are given the Archdiocese Catholic Relief Charities for people outside of our communities.

PARISH REGISTRATION

Registration for Religious Education is not Parish Registration. You can register for Nativity Parish on our website, www.nativityhollywood.org or ask the ushers for a Parish Census Card to complete and return to the collection basket.

VIRTUS PROGRAM

The Archdiocese of Miami requires that we offer our children the “Touching Safely” Program each year. The Archdiocese requires we give this to all families. Please read the program information on the next page. Parents can opt out of this program. For more information on how to keep the children safe, go to www.virtus.org.

Protecting God's Children© Overview of the Touching Safety Program

The job of ensuring children's safety is a challenging undertaking. The prevention of child sexual abuse requires more than adult awareness, education, & training about the nature & scope of the problem. We must also give our children the tools they need to overcome the advances of someone who intends to do them harm. The *Teaching Touching Safety* program guide (*Teaching Touching Safely Guide*) is a tool designed to assist parents & teachers in this important task. The Touching Safety program is a vehicle through which parents, teachers, catechists, & youth ministers give children & young people the tools they need to protect themselves from those who might harm them.

The Touching Safety Program Lessons were created for Four Specific Age Groups: Gr. K-2; Gr. 3-5; Gr. 6-8; Gr. 9-12 [Our children who are in 1st & 2nd Year Younger Children preparing for 1st Communion will attend together the Gr. K-2 group. The 1st & 2nd Year Older Children preparing for 1st Communion will attend together the Gr. 3-5 group. Our Confirmation students in any year of preparation will attend together the Gr. 6-8 group.

Each year, the program provides a theme that introduces & builds on the basic concepts of the *Teaching Touching Safety Guide*. The material is developmentally appropriate for each age group & includes content & activities that reinforce the message. The lessons are now organized in a five-year cycle so each child experiences a totally different lesson plan each time the materials are presented & so each child receives the full range of information from the *Teaching Touching Safety Guide* in small "digestible" bites, over a four-year period. Then, as a child advances to the next age group, there are a whole new set of age appropriate lessons that explore the major topics in increasingly greater detail.

The themes covered (in age-appropriate way, of course) in each of the three years are:

Year 1—Lesson 1—Touching Safety Rules—Students learn simple rules about what to do & how to react when someone's touch is confusing, scary, or makes the child or young person feel uncomfortable. Young people start to deal with the real risks they face when they are out in the world & on their own & they begin to learn where to draw boundary lines in relationships. Lesson 2—Safe Friends, Safe Adults, & Safe Touches—Children, young people, & their parents establish basic guidelines for working together to make certain *which* friends & other adults in their environment can be trusted to act safely & in the best interest of each child or young person.

Year 2—Lesson 3--Boundaries—Students learn about personal boundaries & how identifying & honoring those boundaries can give a child or young person the self assurance needed to speak up when someone tries to step over the line. Lesson 4—Telling Someone You Trust—children & young people learn who to tell when something makes them feel uncomfortable or confused. This lesson also begins to explore the phenomenon & power of "secrets" in a child's life at various ages.

Year 3 Lesson 5—Grooming—Students learn about the types of behavior that may indicate that an adult is grooming the child or young person for something more than friendship. This also helps students learn to trust their own instincts about what is "okay" & what is "not okay." Lesson 6—"No Secrets"—Reinforcing & building on the lessons from year 2, this lesson deals with peer groups & other influences (including grooming by an abuser) that prevent children & young people from reporting inappropriate behavior. It also helps children & young people develop their own decision-making process to use in these situations.

Year 4 Lesson 7 Internet Safety to assist children and young people in recognizing the risks of providing personal information to anyone on the internet and help them realize how difficult it is to know who someone really is when the only avenue is the internet Lesson 8 Creating and Following Family Rules. To assist parents, guardians and other caring adults in teaching children and young people the importance of creating and following safety rules in an effort to keep everyone safe such as following rules on giving out private information for example, name, address, phone number, school attending, etc. to people that are not known or trusted by the child and their family.

Year 5 Lesson 9 & 10 Speaking Up, Speaking Out, Being Heard! Teaching our children and young people how to think of how they can communicate to parents and trusted adults when something occurred that makes them feel uncomfortable or more.

Regardless of a child's grade level at the time the program is implemented, each child should participate in all ten lessons during the five year cycle. This program & each included lesson are founded on the principles of appropriate relationship boundaries in the broader context of Christian values. All lessons are age-appropriate, and help children and young people develop the vocabulary and boundary distinctions necessary to empower them to begin to recognize inappropriate behavior by others, while practicing appropriate relationship boundaries in their own lives. The lessons focus on an age-appropriate discussion of touching safety, relative to the specific roles that different people play in a child's life. All of the lessons stress the importance of keeping private body parts "private," and of telling a trusted adult about anyone's behavior that causes a child to feel uncomfortable or threatened.

This overview is modified from the www.virtus.org site. **If you do not want your child to participate in this program**, please complete and return the opt-out form. Thank you.
